RE: MB Docket No. 10-56

Dear Chairman and Commissioners:

My purpose in writing you and your fellow Commissioners today is to express my support for the proposed venture of Comcast and NBC Universal which is currently before you for review. I do so in my capacity as Mayor of Berlin, Connecticut, and as an individual familiar with the commitments and positive impact Comcast can have on a community.

Berlin, Connecticut is the epitome of the word "community." Our small town is geographically at the center of the state of Connecticut and we are a tight knit, welcoming and industrious place. Comcast certainly knows this to be true, as it has established its Western New England Region (WNER) Headquarters in town, and was recently recognized by the Berlin Chamber of Commerce as "Business of the Year".

I, for one, deeply appreciate that Comcast has continued their investment in job creation and offering new products and services. In reviewing the NBC Universal and Comcast venture, please know that I wholeheartedly support the proposal and that we respectfully ask the FCC to approve it upon completing your review.

Sincerely,

Adam P. Salina
Mayor of Berlin
